UTV PURSUIT

WE LIKE IT ROUGH, SO IF YOU THOUGHT OUR LB3 WAS AGGRESSIVE, WAIT UNTIL YOU SEE WHAT WE CAN ACHIEVE WHEN WE GET TO RIGGING OUT A UTV. WITH OUR FLOWING BLACK ARM'S VIBRATION /SHOCK ISOLATION SYSTEM, PAIRED WITH THE QUIET RUNNING IMPRESSIVELY RUGGED AND DURABLE MOTORS, THE OFF ROAD CAPABILITIES OF OUR SYSTEM TRULY DO MATCH UP TO THE EXPECTATIONS OF OUR CLIENTS' NEEDS, AND WE ARE ALWAYS THE TEAM HUNGRY ENOUGH TO GET THE JOB DONE. IF YOU THOUGHT THAT WAS ALL WE COULD DO, WELL YOU'D BE WRONG! AS IF A 12' CRANE ON THE TOP OF OUR LB3 WASN'T SICK ENOUGH, WE ALSO HAVE THE CONVENIENT CAPABILITY OF FASTENING OUR MOTOCRANE TO THE TOP OF MOST OFF ROAD VEHICLES, ALLOWING FOR EVEN MORE VERSATILE CAMERA MOVEMENT ON SET. YOU HAVE A POLARIS? GREAT, WE CAN RIG THAT TOO!

LAURETTA THE LAND ROVER

TAKE A GANDER FOLKS! THERE IT IS! SAY HELLO TO OUR (NOT SO) LITTLE FRIEND. OUR FULLY RIGGED OUT OFF ROAD VEHICLE COMES IN A VARIETY OF DIFFERENT CONFIGURATIONS TO SUIT YOUR NEEDS ON A HANDFUL OF TERRAINS. CUSTOM BUILT WITH OUR EQUIPMENT IN MIND, OUR LB3 WAS MADE TO PROVIDE OUR DRIVER AND OPERATORS WITH EASY ACCESS TO ON SCREEN MONITORING AND EQUIPMENT CONTROL SO THAT OUR SHOTS COME OUT LOOKING JUST AS GOOD AS OUR RIGS DO. WHETHER YOU NEED A SYSTEM LIKE THE FLOWING BLACK ARM TO CAPTURE THOSE AGGRESSIVE OFF ROAD MOVEMENTS IN SMOOTH DETAIL, OR YOU NEED A SYSTEM LIKE OUR 12' MOTOCRANE ULTRA THAT WILL ALLOW FOR THE MOST DYNAMIC CAMERA MOVEMENTS THAT A PURSUIT VEHICLE CAN OFFER. BELIEVE IT OR NOT, ALL OF THE CONFIGURATIONS YOU SEE TO YOUR LEFT CAN BE DOMESTICALLY OR INTERNATIONALLY FLOWN (ALONG WITH A FEW OF THE BROS).
